

The ????? is working to be ZGreen!

With help from the City of Aspen ZGreen program, the ???? is making efforts to be more environmentally friendly. **You** are an important part of the event's efforts. Please help us be ZGreen by participating in these initiatives:

- **Recycle all plastic, glass and aluminum**
- **Take the bus, walk, or ride your bike**
 - **Avoid bottled water**
 - **?????**

What is ZGreen?

ZGreen is a City of Aspen program that helps events reduce their environmental impacts. All special events in the City of Aspen are required to meet ZGreen standards in order to receive a permit to use City property. See a sample checklist for ideas on how your next event can be greener at our website www.AspenZGreen.com

Here are some examples of the ????’s green initiatives.

- Create and enforce an Environmental Policy
- Train our staff and volunteers on our environmental practices
- Recycle all aluminum, glass and plastic
- Encourage the use of public and alternative transportation
- ??????
